Subject: Silver Creek Site Summary Document

Kathy - Please find attached the site summary write-up we discussed yesterday. Also attached are Figures 5A and 5B, the figures presenting our preliminary tailings volume estimate, that are referenced in the document.

Later this morning I will be sending you a zoning map for the area, presenting the site boundary, parcel boundaries and county zoning. One other thing I noticed is that on the surface soil sample figures (1A, 1B & 1C) we have listed the units as mg/l instead of mg/kg. I will also get these modified and send via email this morning.

Please call if you would like to discuss or if you have additional needs.

Thanks, Daryl
